# Gingerbread House Kit

Print on white cardstock and trim around all edges. Score along seams and lightly fold.

PACKAGING

1. Apply a small amount of glue to blank side tab on the right.

2. Glue together at sides.

3. Glue bottom tabs together.

4. Glue top tabs together (or leave them open if you prefer).

GINGERBREAD HOUSE

1. Apply a small amount of glue to blank side tab on the right of the house base.

2. Glue together at house sides.

3. Glue house bottom tabs together and set aside.

4. Fold house roof in half along frosted line to tuck the unfrosted side underneath. Fold and glue.

5. Give roof a gentle crease down the center and place atop house base.
